## Whole School

### On Site Supervision Policy

2017 - 2019

#### **AIM**

To provide adequate supervision to all students inside the school yard to meet the school's duty of care requirements.

## **RATIONALE**

Adequate supervision of students in the school yard is a requirement of the school's duty of care.

The school is expected to satisfy the duty of care for the on-site management of students outside normal timetabled class time by allocating responsibilities for supervision to staff.

The principal is responsible for making and administering necessary arrangements for supervision according to the circumstances in the school. Staff are responsible for carrying out their assigned supervisory duties in a way that students are, as far as can be reasonably expected, protected from injury.

This duty extends to intervention in single-sex areas if need be by a teacher of the other gender.

## **GUIDING PRINCIPLES**

As part of its duty of care the school is required to adequately supervise students for a defined period before school; at recess time and lunch time; and after school.

This on-site supervision requires not only protection from known hazards, but also protection from those that could arise (that is, those the teacher should reasonably have foreseen) and against which preventive measures could be taken.

It is essential parents/carers are kept informed as to when supervision of students is available before and after school, and that outside these times supervision and/or the collection of students is the responsibility of parents/carers. This information should be clearly provided to parents/carers on a regular basis.

In the case where parents/carers may require their child to leave the school grounds it is the expectation that parents/carers will provide the school with notification, so the school can release its duty of care to the parents/carers to allow the student to be dismissed early from school to attend an appointment.

It is important the school has a process to authorize these requests and accurate student records are maintained.

## **SCHOOL APPROACH**

---

A roster system will be used to timetable staff members for yard supervision.

Yard supervision will include before school, recess and lunch breaks, and after school.

In determining whether supervision of students entering or exiting the school is adequate, the principal or their nominee will consider a number of factors including:

- which entry/exit points should be or are used by students
- whether any entry or exit points should be locked, designated as out of bounds, or supervised
- road traffic conditions
- designated pick up and drop off areas

The supervision of the arrival and departure of any school contract buses is a matter for the discretion of the principal who will consider the following:

- the number of students alighting from and boarding the bus at the school
- the age of students alighting from or boarding the bus
- the times of the arrival and departure of the bus(es)
- the location of the pick-up and drop-off points in relation to the other areas of the school
- whether supervision is required to protect students on the bus, or from unruly student behaviour when boarding or alighting from the bus

The supervision of the arrival and departure of any students on public transport is a matter for the discretion of the principal who will consider whether supervision is required to protect students on the bus, or from unruly student behaviour when boarding or alighting from the bus.

Parents/carers are discouraged from sending their children to school before the designated supervision time in the morning which is 8.30am at Lalor Secondary College. Parents/carers are encouraged to pick up their child by the end of the designated end of day supervision period. Parents will also be informed via the school's newsletter the times when staff members will be rostered to undertake yard supervision before and after school each day.

Students must be signed out of the school if departing prior to dismissal time. A record of early departures is to be kept in the Administration Office and completed for all students departing the school early.

**Note:** When a student departs from the school (following initial attendance) without authorisation, the parent/carer will be informed immediately.

**This policy is to be read in conjunction with the school's 'Duty of Care Policy'**

## **IMPLEMENTATION OF THE POLICY**

This policy will be reviewed if necessary due to changes in regulations or circumstances.

## Appendix A

### On-Site Supervision of Students Procedures

#### Introduction

The processes outlined below provide adequate and appropriate supervision of students in the school so the school fulfills its duty of care to its students in terms of on-site supervision.

#### Supervision before and after school

The school will provide staff supervision for students arriving before school between 8.30am and 8.55am.

The school will provide staff supervision for students after school between 3.05pm and 3.30pm.

This information is provided to parents/carers on a regular basis via the school newsletter. Outside of these times the supervision and/or the collection of students is the responsibility of parents/carers.

Sufficient teachers will be allocated by the school principal or their nominee to supervise students during these periods.

Should a teacher be called away to other duties, alternate supervision arrangements will be put in place in consultation with the principal or their nominee.

#### Supervision at recess and lunch times

Students are required to be adequately supervised during recess and lunch times. In order to ensure that students are adequately supervised, a 'Yard Duty Roster' will be created each term allocating teachers to supervise students in defined areas of the school grounds during these times.

Details of the roster are communicated to teachers at staff meetings, daily bulletin and via the staff noticeboard.

For students who seek to leave school premises during lunch or recess, procedures must be in place that incorporate:

- written parent/carer requests for all students.

#### Unauthorised student departure from school

When a student departs from the school (following initial attendance) without authorisation, the parent/carer will be informed immediately.

Where there is reasonable concern for the student's safety or the safety of others, immediate contact will also be made with the police and the Department's Security Services Branch, telephone 9589 6266 (24 hour service).

#### Early departure of students prior to dismissal time

##### **Students must be signed out of the school if departing prior to dismissal time.**

A record of early departures is to be kept in the General Office and completed for all students departing the school early. Details will include the student's name, Home group, the time of departure and the name of the person collecting the student.

- No parents/carers are permitted to take students directly from the classroom.
- Students can only be collected by a responsible person with permission of the listed carer/s.
- No students will be sent home on their own outside of normal dismissal time without parental consent.

### **Arrangements for students not collected after school**

Parents/carers will be informed when supervision of students is available before and after school hours and that supervision outside of these times and/or the collection of students is the responsibility of parents/carers. Students remaining in the school yard awaiting collection after 3.30pm will be directed to the office waiting area.

If it becomes known that a student who is normally collected from the school, remains at the school well beyond the normal time of collection, attempts will be made to contact the parents/carers, or the emergency contact person identified by the parents/carers in the school records.

Where all reasonable attempts have been made to locate the parents/carer and the emergency contact persons, and the time is well beyond a reasonable time for collection, consideration will be given to contacting the police or the Department of Human Services and for them to arrange for the care and protection of the student.

Information about the location of the student will be left with appropriate friends of the student, or next-door neighbours, if known, and at the school.

### **Arrangements for student supervision on school camps and excursions**

The school will provide supervision ratios in line with the Department's policy as outlined in the DET School Policy & Advisory Guide, depending on the nature and location of the school activity.
