LALOR SECONDARY COLLEGE

Parent Payment Policy

2020-2022

AIM

To conform to the guidelines from the Department of Education and Training.

To provide a clear distinction between the three categories of payment and to be accountable for the use that payments and contributions are put to.

To collect the maximum revenue in payments and contributions.

To provide fairness in terms of program options and payment methods for parents.

(This section cannot be modified)

TEMPLATE

PARENT PAYMENT POLICY AND IMPLEMENTATION

PURPOSE

To ensure that parent payment practices are consistent, transparent and ensure that all children have access to the standard curriculum.

RATIONALE

The Victorian community shares a vision to build an education system that champions excellence and ensures that every child and young person has access to the opportunities to succeed in life, regardless of their background or circumstances.

Schools are best placed to make local decisions which ensure that all students can access a broad range of learning opportunities that support their expectations and promote their aspirations as they move through the education system. Parent contribution, in all forms, assists schools to provide an enriched learning and teaching program for every student and is highly valued by school communities.

Learning and teaching programs vary across schools based on local needs and circumstances and reflect each school's priorities, decisions and resources. This, in turn, informs the parent payment charges approved by school councils that may vary from one school to the next.

WHAT CAN SCHOOLS CHARGE FOR?

The Education and Training Reform Act 2006 provides for instruction in the standard curriculum program to be free to all students in government schools. School councils are responsible for developing and approving school-level parent payment charges and can request payments from parents¹ under three categories only- Essential Student Learning Items, Optional Items and Voluntary Financial Contributions.

Essential Student Learning Items are those items, activities or services that are essential to support student learning of the standard curriculum. These are items that the school considers essential for all students and which students take possession of. Parents may choose to provide the items themselves or buy the items from the school where practical and appropriate.

Optional Items are those items, activities or services that are offered in addition to or support instruction in the standard curriculum program. These are provided on a user-pays basis so that if parents choose to access them for students, they are required to pay for them.

Voluntary Financial Contributions

Parents can be invited to make a donation to the school for a general or specific purpose, e.g. school grounds projects, library fund or for new equipment. Only some Voluntary Financial Contributions are tax-deductible.

¹ Parent' in the policy has the same meaning as in the *Education and Training Reform Act 2006*, which is: 'parent', in relation to a child, includes a guardian and every person who has parental responsibility for the child including parental responsibility under the *Family Law Act 1975* of the Commonwealth and any person with whom a child normally or regularly resides.

The attached diagram "Understanding Parent Payment Categories" provides examples of items and materials under each category.

In implementing this policy, schools must adhere to the following principles:

PRINCIPLES

- **Educational value:** Student learning, aspirations and wellbeing are paramount when schools determine their parent payments practices
- **Access, equity and inclusion:** All students have access to the standard curriculum program and participation of all students to the full school program is facilitated
- **Affordability:** Cost to parents is kept to a minimum and is affordable for most families at the school
- **Engagement and Support:** Early identification and engagement strategies by the school ensure parents are well informed of the payment options and supports available for those experiencing hardship
- **Respect and Confidentiality:** Parents and students experiencing hardship are treated with respect, dignity, sensitivity and without judgement and the identity and personal information of all parents and students are kept confidential in respect to parent payments
- **Transparency and Accountability:** School parent payment practices are well communicated, clear and transparent and their impact on student programs and families are reviewed by school councils

COST AND SUPPORT TO PARENTS

When school councils consider the proposed requests for parent payments the cost is kept to a minimum and is affordable to most parents at the school.

School principals must ensure that:

- items students consume or take possession of are accurately costed
- payment requests are broadly itemised within the appropriate category
- parents are advised that they have the option of purchasing equivalent Essential Student Learning Items themselves, in consultation with the school
- information on payment options is available, accessible and easily understood to all parents so that they know what to expect and what supports they can access
- parents are provided with early notice of annual payment requests for school fees (i.e. a minimum of six weeks' notice prior to the end of the previous school year). This enables parents to save and budget accordingly.
- parents are provided with reasonable notice of any other payment requests that arise during the school year-ensuring parents have a clear understanding of the full financial contribution being sought
- the status and details of any financial arrangements are kept confidential and only shared with relevant school personnel
- parents experiencing hardship are not pursued for outstanding school fees from one year to the next
- use of debt collectors to obtain outstanding school funds owed to the school from parents is not permitted
- there will be only one reminder notice to parents for voluntary financial contributions per year
- Invoices/statements for unpaid essential or optional items accepted by parents are not generated more than monthly or according to the parent payment arrangement with the school.

SUPPORT FOR FAMILIES

Families may experience financial difficulties and may be unable to meet the full or part payments requested. Principals and school councils exercise sensitivity to the differing financial circumstances of students and their families when considering parent payment fees. There are a range of support options available to support and assist parents. These can be accessed through [“Cost support for families.”](#)

Consideration to hardship arrangements in respect to payment requests is provided to families experiencing long term hardship or short term crisis on a confidential, case by case basis. All schools have written hardship arrangements that include a proactive approach to providing support for parents experiencing financial difficulty.

All parents are provided the name and contact details of a nominated parent payment contact person at the school who they can discuss payment arrangements with.

ENGAGING WITH PARENTS

In respect to each school’s development of its parent payments, school councils will engage in effective communication with the school community and have strategies in place to ensure they are aware of and understand the needs and views of parents.

REVIEW OF POLICY IMPLEMENTATION

Schools will monitor the effectiveness and impact of the implementation of this policy at least annually as part of its ongoing improvement and report back to the school community.

The full Parent Payment Policy is available from the Department’s [School Policy and Advisory Guide](#).

Answers to the most commonly asked questions about school costs for parents see:

[Frequently Asked Questions – For Parents](#)

Understanding Parent Payment Categories

Schools

What does the legislation say?

The Education and Training Reform Act (2006) provides for free instruction in the standard curriculum program to all students in government schools. The Act also empowers school councils to charge fees to parents for goods and services provided by the school to a child.

In the Act, a 'Parent' includes a guardian and every person who has parental responsibility for a child including parental responsibility under the Commonwealth Family Law Act 1975 and any person with whom a child normally or regularly resides.

What do schools pay for as part of 'free instruction'?

Free instruction is the teaching staff, administration and the provision of facilities in connection with the instruction of the standard curriculum program, including reasonable adjustments for students with disabilities.

The standard curriculum for Years F-10 means implementation of the Victorian Curriculum F-10.

The standard curriculum for senior secondary schools means a program that enables a student to be awarded a VCE or VCAL qualification.

What principles govern parent payment practice?

Educational Value | Access, Equity & Inclusion | Affordability

Engagement & Support | Respect & Confidentiality | Transparency & Accountability

Parents

What may parents be asked to pay for?

Schools can request payment for Essential Student Learning Items

These are items, activities or services that the school deems **essential** to student learning of the standard curriculum.

Where practical and appropriate, parents may choose to purchase items through the school or provide their own.

These may also be either:

Items the student takes temporary or permanent possession of

- e.g.
- textbooks, activity books, exercise books
 - stationery, book bags
 - student ID cards, locks
 - cooking ingredients students will consume
 - materials for final products that students take home (technology projects, build-your-own kits, dioramas)
 - Picture Exchange Communication Systems

Activities associated with instruction that all students are expected to attend

i.e. travel, entry fees or accommodation

- e.g.
- excursions
 - incursions
 - school sports
 - work placements

Parents can be asked to pay for items, activities and services in the three Parent Payment Categories:

Essential Student Learning Items,
Optional Items and
Voluntary Financial Contributions.

Schools determine how items, activities and services are classified within these categories based on the learning and teaching program of their school.

Schools can request payment for Optional Items

These are items, activities or services that are **optional** and are offered in addition to the standard curriculum.

Students may access these on a user-pays basis.

These may be either:

Items the student purchases or hires

- e.g.
- school magazines, class photos
 - functions, formals, graduation dinners
 - materials for extra curricular programs
 - student accident insurance

Activities the student purchases

- e.g.
- fees for extra curricular programs or activities, such as instrumental music tuition
 - fees for guest speakers
 - camps, excursions, incursions, sports
 - entry fees for school run performances

Items and/or materials that are more expensive than required to meet the standard curriculum

- e.g.
- use of silver in metal work instead of copper
 - supplementary exam revision guides

Support for families experiencing hardship is available at every school and each school has a parent payment contact person. See your school's policy for more information.

For more information on Parent Payments and Personal Devices, visit the DET website at: www.education.vic.gov.au

Schools can invite
Voluntary Financial Contributions
for

- e.g.
- Building or Library fund (Tax deductible)
 - Voluntary contributions for a specific purpose, such as equipment, materials, services.
 - General voluntary contributions

Lalor Secondary College

Parent Payment Policy

Parent Payment Charges

On correspondence to parents, it will be made clear if the charge is:

- For essential educational items which parents are required to provide or pay the school to provide such as stationery, books, school uniforms, Identification cards, official diary, programs provided by outside specialist (eg. visiting artists, speakers, performers) compulsory excursions which are part of course work; also for subjects where the student consumes or takes possession of finished products such as in Food Technology, Woodwork, Photography, Ceramics, etc.
- For optional extras which are offered by invitation on a user-pays system. This may include camps, optional excursions, extra materials costs for elective subjects (not covered above), Instrumental Music, Debating, Drama productions, VET courses and extra-curricular activities
- Voluntary contributions for which parents are asked to contribute a set sum to the school for additional capital works and provision of equipment

When determining school charges the most important factors that are taken into account are student learning, aspirations and wellbeing as well as ensuring the elective aspects of the curriculum are kept affordable for all students.

The funds that are raised through elective fees are used to enrich the standard program to allow the students to have access to a wider range of products to enhance their education.

PAYMENT ARRANGEMENTS AND METHODS

Lalor Secondary College School Council endeavor's to keep charges to parents relative to the costs of school programs.

All costs under all payment categories will be provided to parents with a minimum of six weeks' notice prior to the end of the previous school year.

Parents may choose to pay these charges in one amount at the beginning of Term One of the school year by either cash, cheque, EFTPOS or credit card.

Alternatively parents can contact the Business Manager – Debbie Boyce at Lalor Secondary on 9463 7300 to organise a payment plan to pay these charges off over the school year.

The status and details of any financial arrangements are kept confidential and only shared with relevant school personnel.

FAMILY SUPPORT OPTIONS

- School Uniform Shop – The school uniform shop does have a small supply of second hand uniforms and regularly reviews its uniform suppliers to ensure it is employing the most cost effective uniform options for students.
- Camps, Sports and Excursions Fund – which provides payments for eligible students to attend camps, sport and excursions. Families holding a valid means-tested concession card are eligible to apply.
- State Schools Relief – provides assistance to cover the cost of new school uniforms, shoes, books and more for disadvantaged students. Parents or carers who are struggling to meet their students uniform and book requirements need to make an appointment with the school welfare department to discuss their situation.
- DET Student Scholarships – are generally awarded on the basis of academic achievement, participation in the school and local community or financial need, but are not limited to these. The Department of Education

and Training administers 35 different student scholarships, equating to approximately 250 scholarship awards as some scholarships have more than one award.

CONSIDERATION OF HARDSHIP

Families who find themselves in a position of hardship for whatever reason be it short term or long term should contact the Business Manager – Debbie Boyce at Lalor Secondary College on 9463 7300 to confidentially discuss their financial situation. Every effort will be undertaken to assist families through this trying time.

Lalor Secondary College will actively monitor it's families to identify anyone who may be in need of hardship consideration and communicate to those families support options that may be available.

Note: in reflecting on the school's hardship arrangements, schools could consider their proactive strategies to engage with parents disconnected from the school who may be experiencing hardship, such as discretely approaching families who may need support and special payment arrangements.

COMMUNICATION WITH FAMILIES

The school's parent payment policy will be available on the school's website. A hard copy of the policy may be requested from the General Office.

Parents will receive a statement once per term which will notify them of any outstanding amounts. Any questions or queries about these statements should be directed to the general office.

MONITORING AND REVIEW OF THE IMPLEMENTATION OF THE POLICY

It is the responsibility of Lalor Secondary College's School Council to monitor the effectiveness and impact of our Parent Payment Policy on our parents and students. School Council will review this policy every two years to ensure that it continues to reflect the expectations of our whole school community and complies with the DET regulations in regards to parent payments.
