POLICY

1. School profile

Since 1963, Lalor Secondary College, a Year 7 – 12 co-educational school has serviced the communities of Lalor, Thomastown and Epping. The college is located in a residential area north of Melbourne in the City of Whittlesea. It is set on four acres of land, with well-maintained grounds which include grassed, asphalted and shaded areas, as well as a number of synthetic sporting surfaces. The College is located in close proximity to RMIT, La Trobe University, Melbourne Polytechnic and the Whittlesea TECH school. The school is a partner school of the Whittlesea TECH school and has close relationships with each of the Tertiary Education institutions.

The College values of Caring, Cooperation, Achievement, Honesty and Pride promote the cultural diversity of the student population which is drawn predominantly from the local neighbourhood areas. Enrolment figures for 2021 were 1174 students. The student population is characterised by a high proportion of Camps, Sport and Excursion Funding (CSEF) recipients and a very high proportion of LOTE speakers at home. Approximately 44 different nationalities among the students leads to a culturally and linguistically diverse group of learners. Our learning programs are enriched by drawing on the range and number of cultures and backgrounds represented among the students. Student achievement and engagement is similar to like group schools and retention is high. The VCE program offers extensive subject choice and pathway options, with the college's VCAL program having been in operation since 2010.

The College has maintained its ageing facilities to an excellent standard which include two upgraded and refurbished food technology rooms, a gymnasium and sporting facilities including basketball/netball courts, 1 large synthetic sports field, 6 synthetic tennis courts (accommodating hockey and soccer), a grass soccer and football oval. The Drama Centre has retractable seating for 128, a staff office, two theatre dressing rooms, ample storage and multi-media facilities. Lap Tops are supplied by the school to Year 7 and 8 students which will expand to include Year 9 and 10 in the coming years as a priority of the school council. In 2021 we had a total of 25 portable classrooms. The school owns a 25 seat bus, which is used for excursions, camps, sports and physical education activities. There are four car parks on the grounds providing adequate parking for all staff and visitors.

In 2021 the school commenced capital works funded by the Victorian Government and the LSC school council which will total \$27 million dollars. This will include a new double court gymnasium, food technology and PE classrooms, a new administration, wellbeing and library area, a new Arts hub, performing arts building, new design technology building and senior school area. The newly opened Innovation Centre with two digital technology spaces and a purpose built maker space and Science Centre will complement the facilities and continue to allow the curriculum to adapt to the needs of the modern workforce.

While the college currently provides a diverse Learning and Teaching program, the changing needs of our students and community require regular updates. In 2016 this included moving to the Victorian Curriculum in Years 7 to 10, and in 2018 the school established a Teaching and Learning Framework that included an agreed Instructional Model, Literacy Action Plans for each Key Learning Area, the DET HITS and the Helen Timperley Inquiry Cycle. These key improvement strategies remained throughout 2021.

The college provides an established program for Years 7 & 8, some choice in Year 9 and increased specialist subjects in Year 10. The Years 11 & 12 students have access to a wide range of VCE, VET and VCAL pathways. The college has also been innovative in terms of curriculum delivery and teaching and learning strategies, with a recent focus on the Helen Timperley Inquiry Cycle to inform teacher practice and measure impact on learning, including the targeted use of data. This also saw the introduction of an Inquiry Subject introduced at Year 8 in close collaboration with the Whittlesea TECH school.

Special features of the college include a Language program offering four languages and since 2006 the college has hosted the Victorian School of Languages on Saturday mornings. For those students experiencing difficulties with their Literacy, the 'Boost' program is provided in Years 7,8, 9 & 10 through separate targeted classes and activities. Year 9 students also have the opportunity to

participate in the Advance Program incorporating the Duke of Edinburgh Award. Extensive opportunities for student enrichment are offered, including a school production, cultural concert, the school magazine-Milpera, the Year 7 Camp, the Year 9 Queensland trip, the Europe trip, the Local Parliamentary Convention, Debating, Mooting through La Trobe University and the Year 12 Study Skills conference. There are also various clubs operating including the knitting club, Arties Club, Coding Club, Chess Club, Walking Club, Mindfulness club, Music club, Fitness Club and Fantasy Soccer just to name a few.

The college has a well-established Well-being team that provides support for students in a range of areas including an integrated Course and Career Development program operating throughout the middle and senior school as well as a Student Well-being program which includes integration and student counselling. Targeted programs in the area of bullying and cyber bullying are presented each year, and partnerships with La Trobe University have been established to address these issues.

Students are encouraged to build their leadership capabilities through a range of opportunities which include SRC Representatives, Peer Support Leaders, School Captains, Sports Captains, House Captains, Art Captains, STEM leaders and Class Captains. The school also has a strong partnership with ABCN that offers various leadership programs across a range of year levels. The college values of Honesty, Caring, Cooperation, Achievement and Pride were developed with a high level of student involvement. The values are prominently displayed in every classroom, reinforced at the start of every year and consequently have had a significant and positive impact on learning and behaviour.

Effective communication between parents and the school is promoted and encouraged through the use of Compass, the online fortnightly 'Eagle' newsletter, information evenings, parent/teacher conferences and at various social events. Teachers will contact parents directly if there is an issue about non-submission of work. The preferred mode of communication is through Compass (the schools information management portal). All parents are encouraged to ensure their mobile number and personal email details are kept up to date for the communication to be effective.

Students are both encouraged and expected to do their best whether in the classroom, at sport or when participating in extra-curricular events. Achievements, academic and in a range of other areas, are celebrated and rewarded. The college holds an annual Presentation Evening and Year 12 Graduation Evening, as well as Semester Assemblies where a range of awards are presented to students. In 2019 the schools Reward and Recognition program continued to expand in recognising the achievements of students in more areas that included Community, Leadership, ARTS and Sport. The recognition of student academic achievement includes includes Bronze, Silver and Gold Honour Awards, as well as a Principals Award.

Behavioural expectations of students, staff and families are grounded in our school's Statement of Values, Student Code of Behaviour and Student bullying behaviour will be responded to consistently with Lalor Secondary College's Bullying policy.

When a student acts in breach of the behaviour standards of our school community, Lalor Secondary College will institute a staged response, consistent with the Department's policies on behaviour, discipline and student wellbeing and engagement. Where appropriate, parents will be informed about the inappropriate behaviour and the disciplinary action taken by teachers and other school staff.

Lalor Secondary College considers, explores and implement positive and non-punitive interventions to support student behaviour before considering disciplinary measures such as detention, withdrawal of privileges or withdrawal from class.

Disciplinary measures may be used as part of a staged response to inappropriate behaviour in combination with other engagement and support strategies to ensure that factors that may have contributed to the student's behaviour are identified and addressed. Disciplinary measures at our school will be applied fairly and consistently. Students will always be provided with an opportunity to be heard.

9. Authorisation to use physical restraint and seclusion

Regulation 25 (Restraint from danger) of the Education and Training Reform Regulations 2017 provides that a member of staff of a Government school may take any reasonable action that is

immediately required to restrain a student of the school from acts or behaviour that are dangerous to the member of staff, the student, or any other person. The Restraint and Seclusion Policy authorises school staff to use physical restraint and seclusion when reasonable and immediately required to protect the member of staff, the student, or any other person from acts or behaviour that might be dangerous to them. The primary purpose of using physical restraint and seclusion is to prevent harm to a student or someone else.

Children cannot consent to being physically restrained or secluded.

Parents/carers cannot consent to the use of physical restraint or seclusion.

Clinicians or practitioners cannot authorise, consent to, or approve the use of physical restraint or seclusion in a school. If this occurs contact the Principal Behaviour Support Adviser by email: restraint.seclusion@education.vic.gov.au

Use of physical restraint and seclusion to prevent immediate harm

Victorian government school staff may only use physical restraint and seclusion where:

- there is an imminent threat of physical harm or danger to a student or others and
- the physical restraint and seclusion are reasonable in all the circumstances and
- there is no less restrictive measure available in the circumstances.

During physical restraint and seclusion incidents, the student/s must be visually monitored for signs of distress and pain to ensure the student's physical health is not jeopardised and that the student, other students, and staff are safe.

Staff must ensure that the use of physical restraint and seclusion is time limited and that it stops as soon as the immediate threat of harm or danger to the student or others has passed.
